

ORGANIZATIONAL POLICIES
OF THE
NEBRASKA COUNCIL ON TEACHER EDUCATION

1.00 THE NEBRASKA COUNCIL ON TEACHER EDUCATION.

The Nebraska Council on Teacher Education (NCTE) is an advisory body to the Nebraska State Board of Education. Its membership is appointed by the State Board from representatives of state-wide organizations which have a direct involvement or interest in teacher and administrative preparation, and from higher education institutions in Nebraska which are approved by the State Board of Education to prepare and recommend for certification teachers, administrators, and counselors; and those people recommended for special services endorsements. The State Board of Education reserves unto itself sole authority over college program approval and certification.

2.00 PURPOSE.

As an advisory body to the State Board of Education (Board), NCTE will develop and recommend for State Board approval and adoption:

2.01 Standards relating to state approval of higher education institutions providing teacher, counselor, and/or administrative preparatory programs; and programs leading to a special services certificate.

2.02 Standards relating to admission into and retention in an approved professional education program leading to teacher, counselor, administrative, or special services certification.

2.03 Standards relating to the issuance of teacher counselor, administrative, and special services certificates.

2.04 Standards relating to certificate endorsements.

2.05 Standards relating to the relationships of Nebraska teacher, counselor, administrator, and special services certification with other states and national bodies.

Further, NCTE will, at the request of the Nebraska Department of Education (NDE), and pursuant to NDE regulations, conduct campus visits to those institutions seeking approval for their programs leading to teacher, counselor, administrative, and/or special services certification and endorsements, and may recommend approval or non-approval of those programs in compliance with regulations adopted by the State for such purposes.

Additionally, NCTE, through its regular meetings, shall provide a forum where representatives of teacher educators, practicing teachers and administrators, school board members, parents, and the Nebraska Department of Education can meet and discuss those issues affecting professional preparation, and seek solutions to problems impacting on the quality of preparation of certified professionals in school settings. The goal of the college approval and professional certification process is to ensure the citizens of Nebraska, in particular, and citizens of the United States, in general, that the teachers and administrators in this state are well qualified and meet all state laws governing certification. The ultimate goal is to provide children and youth with the best educational opportunities possible.
